

HP time out!

HP implementation on top of your ordinary job is taking a lot of time and energy – we hear you. So now is the time to have a quiet, or a chatty, cup of tea at work. Five minutes or longer to recharge the batteries!

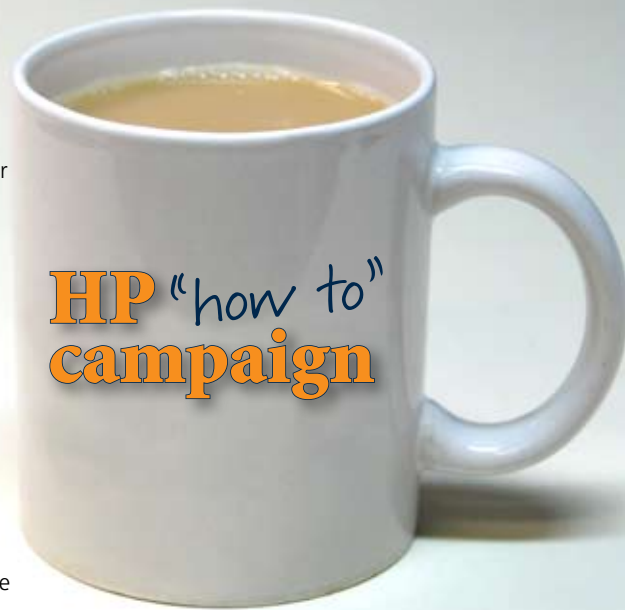

We have some suggestions for you – the most important thing will be to not talk about work, work level statements, consultation or HP implementation!

Some suggested alternative conversation topics include:

- Things that the letters “HP” stand for, other than Health Practitioner (see overleaf).
- Where’s your next holiday?
- Your favourite TV show
- Whatever you like!

The point of the “Time Out” event is to let everyone know that there’s more to being part of a union than pay levels. Unions are groups of people coming together to support each other – and an important part is to support the well-earned break for you and your fellow HP’s.

Have fun! The point of this event is just to relax – because having time for relaxation is one of the things that we union members believe in!

What else does HP stand for?

A certain boy wizard?

Hit Points in your favourite video game?

A popular make of printer?

High pressure system?

A BBQ sauce?

Authorised Alex Scott QPSU General Secretary
Printed on 100% recycled paper

Can you think of any others?
